

IN A GRAVE LIES THE HORSEMAN,
HIS HEAD IS AT HIS SIDE.
BE BRAVE ENOUGH TO TAKE IT
AND AGAIN BY NIGHT HE WILL RIDE.

Sleepy Hollow

Designed by Cheryl A. Granda

“The Legend of Sleepy Hollow” is a short story first published in 1820 by Washington Irving, under the pseudonym Geoffrey Crayon, as part of his collection called The Sketch Book.

The story takes place circa 1790 in the Dutch settlement of Tarrytown, New York and spins the tale of Ichabod Crane, a rather thin, lanky, and overly superstitious schoolmaster from Connecticut.

One autumn night, Ichabod attended a party of a wealthy farmer, Baltus Van Tassel. His primary purpose was to try and woo Van Tassel’s only child, an 18-year old daughter named Katrina. Unfortunately, the town rowdy, Abraham Van Brunt, also had eyes for the young heiress. Later that evening when Ichabod left the party and was returning home, he unexpectedly encountered and was pursued by the Headless Horseman. Some town folks believed this frightening sight was supposedly the ghost of a Hessian trooper who had his head shot off by a stray cannonball in a nameless battle during the Revolutionary War. Others believed it was Van Brunt’s attempt to scare Ichabod away, thus increasing his chances of gaining Katrina’s hand in marriage. Strangely, Ichabod disappeared from town and was never seen again.

I hope you have as much fun stitching Sleepy Hollow as I had creating this spooky adaptation!

Stitching Instructions:

- Design is stitched almost entirely in full stitches, a very small amount of 1/4 stitches (in the horse’s saddle) and a generous amount of backstitching.
- Anchor/DMC/Sullivans USA stitched using 2 strands of floss over 2 threads of fabric.
- Metallic braid stitched using 1 strand of braid over 2 threads of fabric.
- All backstitching done with 1 strand of ANC 403/DMC 310/Sullivans USA 45053, over 2 threads of fabric (except verbiage). Backstitch words in verse with 2 strands of floss over 2 threads of fabric. See below for directions on stitching corner spiderwebs.
- Beading:
 - All beads attached with 1 strand of Anchor 401/DMC 3799/Sullivans USA 45397.
 - Use a half cross-stitch for beads with 1 strand of floss and go through the center of the bead twice before moving to the next bead or securing on the reverse side.
- Moon:
 - Use 2 strands of variegated 027 Caron Waterlilies over 2 threads of fabric. Insure that the 2 strands come from the same 6-ply strand and match each other in variegation in order to achieve the desired result.
 - Complete each full cross-stitch before proceeding to the next stitch.
- Corner spiderwebs:
 - Use 1 strand of ANC 403/DMC 310/Sullivans USA 45053.
 - Complete horizontal stitches of web first (in either 2, 3 or 4 pixel running stitches as indicated

- by the axis points on the graph.
- Complete vertical stitches by beginning at the center point (in the corner) and working one long running stitch to the anchor point of that finger of the web. Come back to the center and repeat until all 5 points have been completed. Anchor thread on the reverse side securely by passing under several threads.
- Order of stitching for best results:
 1. Begin in the center of the fabric and stitch the entire scene in full stitches.
 2. Complete backstitching on all components of the scene: the horse, rider, flaming pumpkin, grave stones, graveyard and tree. NOTE: Moon is not backstitched.
 3. Stitch entire straight-line border in full stitches, then stitch bats, pumpkins and skeletons around the entire border.
 4. Stitch metallic braid areas within border.
 5. Complete all backstitching on entire border.
 6. Finally, attach all beads in border and on jacket of horseman.
